

We are an independent, privately owned research company in Villach, Austria which provides research services and technology based consultancy to high-tech companies across Europe.

## Video Journalist (m/f)

You get all excited over innovation and technology? You are a visual storyteller and very communicative?

**If yes: write us!**

### Your Profile

- You love, live and breathe technology - even have a basic understanding of how it works
- You have a very strong sense of storytelling and know how to write scripts
- You have solid knowledge in videography and video editing
- You know your way around animation & audio editing
- You have a strong interest in new trends, absolutely love innovation
- You have some social media affinity
- You are open-minded for different cultures and leading European centers for high technology and innovation
- You are communicative and have strong social skills
- Your English skills are excellent

### Your typical working day

- Development, organisation, conception & realisation of a video channel for social media
- Meeting and interviewing top European scientists and engineers
- Camera and light work, including equipment service
- Creation of the final videos, editing and post production
- Social media channel management

### We offer you

- Flexible, project-oriented job in a dynamic team, in our office in Villach
- Possibility to advance in your career within the company, by active participation and self-responsible conduct
- Participation in innovative European research projects
- Full-time position
- We comply with the Austrian collective agreement for technical offices and offer a salary that is compliant with the market (overpayment with appropriate experience)
